## FOR MAKING FRIENDS

New Pan American Society of the United States.

SIMILAR TO THE PILGRIMS

Organization Planned to Greet Prominent Visitors From South American Republics.

NEW YORK, February 16.—Sixty men prominent in commercial and public life met yesterday afternoon in the common room of the Chamber of Commerce and organized the Pan American Society of the United States. The organization is akin in many respects to the Pilgrims, the Japan Society and the American Asiatic Association.

The object of the society is to promote good understanding, true friendship and mutual knowledge of each other among the American republics and their peoples. John Barrett, director general of the Pan American Union, who had sent out the call for the meeting, called the gathering to order and introduced James Speyer as temporary chairman.

Mr. Speyer, Archer M. Huntington, president of the Hispanic Society of America; Prof. J. H. Bassett Moore and Lewis Nixon made brief addresses, commending the purpose of the meeting and expressing the necessity for extending the social relations with Latin Americans.

Promotion of Acquaintance.

In his opening address Mr. Barrett spoke of the evidence of what he termed a Pan American movement.

"The greatest influence for the promotion of both friendship and trade is a better acquaintance between the representative men of different nations," said Mr. Barrett. "There is too little acquaintance between North and South America. Increasing numbers of the men of international and representative men of Latin America are passing continually through New York city without our leading men being aware of their presence or without their receiving any hospitality or attention. The Pan American Society will endeavor to keep in touch with such men and make their stay in this country agreeable."

After the adoption of a constitution and by-laws the society elected these officers: President, Henry White, formerly ambassador to Brazil; Secretary, J. H. Bassett Moore; Vice President, Edwin J. Barrett; Treasurer, Frederick Brown.

Prominent Men Charter Members.

In addition to the officers, the charter members of the society are Edwin J. Barrett, Dr. Nicholas Murray Butler, James A. Farrel, Justice James W. Gerard, James Speyer, Frank A. Vanderlip, Albert Shaw, J. Pierpont Morgan, Jr., Lewis Nixon, Charles M. Schwab, Prof. William R. Shepherd, Minor C. Keith, Emil L. Boaz, Lorenzo Daniels, Charles H. Sherrill, Ernest H. ## JEWELRY WORTH \$6,000 STOLEN BY BURGLARS

Three Cottages at Palm Beach, Fla., Looted by Porch Climbers.

PALM BEACH, Fla., February 16.—Within one week burglars have entered three cottages occupied by members of the villa colony and made off with jewelry valued at \$6,000. The thefts became known after every effort had been made to keep them secret in aid of the police.

Most of the plunder was taken from the cottage of John Birkholz of Minneapolis, who controls a chain of fourteen banks in the middle west. The jewelry taken belonged to Mrs. Birkholz, whose daughter, Mrs. Lillian Verne Armstrong of New York, says the loss approximates \$5,000.

Jewelry worth \$250 was taken Sunday evening from the cottage of Mr. and Mrs. John E. Liggett of Augusta, Me. Burglars were frightened off before they could ransack the house. The cottage of Mr. and Mrs. William F. Freeman of Cincinnati was entered last Thursday evening and jewelry valued at \$250 was taken.

Among Winter Residents.

The Birkholz cottage is one of a long line of winter residences extending along the shore of Lake Worth. While Mr. and Mrs. Birkholz, Mrs. Armstrong and Austin L. Belknap of Minneapolis sat in the parlor playing cards the burglar entered from a porch roof. Mrs. Armstrong had placed \$5,000 worth of jewelry in a safe deposit box at West Palm Beach on three days before the burglary.

Among the pieces of jewelry taken were a diamond ring, with two matched stones four and one-half carats each; fancy sapphire necklaces; diamond cross, four by three inches; diamond sunburst, gold bracelet containing large diamond, gold watch; diamond and bearing monogram "E. S. B."; turquoise matrix necklace with large stones, turquoise ring, pin and pendant; large cameo ring and chain; diamond pendant, earrings with large pearl pendants in diamond circles, pearl bracelet and sapphire bear pin; bills and checks to the amount of \$150 also were taken. A case containing a diamond cigarette case, valued at \$200, which was stolen from his locker in the golf club. The case was a gift of employees.

Burglars Were Bold.

The Liggett cottage was entered while Mr. and Mrs. Liggett, Mrs. Bradbury Wilson of Baltimore and Mrs. Clara Goodwin of Augusta were in the music room. The burglar climbed a porch. The burglar at the Freeman cottage reached the porch roof by a tree trunk. Miss Patricia Albert of Philadelphia was with Mr. and Mrs. Freeman in the library when her dresser was rifled of trinkets, but many were left scattered on the floor. In each case the burglar closed the window behind him as he escaped.

John Shepherd, Jr., of Boston has offered \$500 reward for the return of a gold cigarette case, valued at \$200, which was stolen from his locker in the golf club. The case was a gift of employees.

Charles Shank of Hagerstown, Md., has purchased for \$10,000 his home, a fine block on the public square from the American Security and Trust Company, trustee of the late John E. McComas.

## MONUMENT TO HEROES OF THE MAINE STARTED

Corner Stone of New York Memorial Laid—Services in Havana.

NEW YORK, February 16.—The corner stone of the national Maine monument was laid yesterday afternoon by Rear Admiral H. H. C. Lettice, U. S. N., commander of the Brooklyn Navy Yard, at the Columbus Circle entrance to Central Park. The monument is designed to commemorate an epoch-making event in American history—the destruction of the battleship Maine in Havana harbor fourteen years ago—on February 15, 1898, and as a tribute to the men who perished in the disaster and in the war with Spain.

Completed by Autumn.

Among those who participated in the ceremony were Maj. Gen. Daniel H. Sickles, Gen. James Grand Wilson, chairman of the committee in charge; Attilio Piccirilli, the sculptor, and H. Van Buren Magonigle, the architect. In his address Gen. Sickles said in part: "The blowing up of the Maine by Spanish hands and by Spanish orders sounded the death knell of Spanish rule on American soil—a rule which should have been ended long before. It was a declaration of war upon the United States which this country was not slow to heed."

It was announced that the monument will be completed by next autumn. It will include a pyramid, 44 feet high, topped by a bronze group cast from the guns recovered from the sunken Maine, representing Columbia triumphant. As this group will be 13 feet high, the height of the monument will be 57 feet.

Services in Havana.

HAVANA, February 16.—Impressive services marked the fourteenth anniversary yesterday of the blowing up of the battleship Maine. They were conducted under the auspices of Havana Camp, Spanish-American War Veterans, over the remains of the sixty dead taken from the wreck, and now lying in a casemate in Cabana fortress under a guard of honor composed of Cuban troops, awaiting transport to the United States.

Among those present at the services were the American minister, Arthur M. Beaupre, and the secretary of the legation, Hugh S. Gibson, representative of President Gomez, the Cuban army and navy, and many hundreds of American soldiers. The American flag was hoisted at half mast yesterday morning over the Maine. It will remain flying until the wreck is towed out on its final voyage to the sea. The east end cofferdam was broken yesterday morning and a few days' dredging will suffice to clear it so that the wreck can be floated to the open harbor.

## SULU MOROS DEFEATED BY UNITED STATES TROOPS

Sacred Mountain Captured as Result of Remarkable Campaign in Philippine.

Philippine mails just received at the War Department contain the first detailed accounts of what is regarded as a remarkable campaign conducted by Gen. Pershing against the Sulu Moros, ending the day before Christmas with the capture of the sacred mountain—Bud Dajao—believed by the superstitious natives to be impregnable against attack by the white man. Owing to Gen. Pershing's policy of showing the Moros the futility of resistance by massing around them overwhelming numbers of troops the loss of life was reduced to a minimum. The Americans had only two wounded and not more than a dozen Moros were killed.

Make Determined Resistance.

The purpose of the campaign was to disarm the Moros and induce them to settle down to peaceful industry. Most of the tribesmen headed the order to surrender their arms, but a number of the wildest spirits gathered on Mount Dajao and announced their purpose to resist to the end. Gen. Pershing surrounded the hill and in a campaign of four days forced the surrender.

Many of the Moros were found armed with modern weapons, including automatic revolvers. They were placed in a military prison at Culuatan, where they will be kept until their reformation is assured.

## MAY PURSUE FALSE GODS, BUT DO NOT REVILE HIM

Compliment to Roosevelt by William Barnes, Jr., at Republican Dinner.

ALBANY, N. Y., February 16.—William Barnes, Jr., chairman of the republican state committee, speaking last night at the fifteenth annual dinner of the Albany County Republican Organization, had this to say of Theodore Roosevelt:

"No greater error could be committed at this time, in the interest of the very principles to which we adhere, than to revile or uphold any man, deluded though he may be in his endeavor to break down those fundamental principles of individual liberty and constitutional rights which form the foundation of our government, and which must be the reality of the republican party, because, for a few hours, or days, or weeks, he whom we have honored and to whom we have in the past given our votes has strayed through devotion to false gods from the real principles of the republican party."

Performed Wonderful Service.

"We must not forget that during the term in which he held the Presidency of the United States he performed a wonderful service to the people of this country, and that although we do not believe in establishing in this country a pure individualism, yet we do not forget all the great service he has rendered the people in those days of the Spanish war and of the inauguration of the Panama canal—although today we may utterly deprecate what apparently is an unfortunate error of judgment."

Defines "True Progressive."

Mr. Barnes defined the true progressive as the "man who holds to the conservative doctrine that has given us the reason for being."

At the Saratoga convention of 1910 Col. Roosevelt fought the republican state committee's program for the nomination of Henry L. Stimson for governor. At the polls in the following November John A. Dix, that democratic nominee, won with a plurality of 67,401.

Eighteen Arrests Ordered.

Result of Investigation of Anti-Trust Violations in Alaska.

JUNEAU, Alaska, February 16.—Telegraphic warrants have been issued for the arrest of eighteen business men prominent in affairs of Alaska, and the Pacific coast, on four indictments returned by the federal grand jury that has been investigating the alleged violation of the Sherman anti-trust law in connection with the control of wharf facilities at Skagway.

The following were indicted:

J. C. Ford, president of the Pacific Coast Steamship Company.  
C. E. Houston, head of the Pacific Coast Coast Company.  
A. L. Berdoo, formerly vice president and general manager of the White Pass and Yukon Railroad Company.  
Charles E. Peabody, formerly an official of the Alaska Steamship Company.  
John H. Bunch, traffic manager of the Alaska Steamship Company.  
E. C. Ward, superintendent of the Pacific Coast Steamship Company.  
F. D. Wurzbacher, C. E. Ryan Johnson, E. E. Billingshurst, W. H. Hansen, Ira Brownson, J. W. Smith, P. J. Cushing, W. E. King, V. I. Hahn and G. H. Higbee.

It is charged that the North Pacific Wharves and Trading Company, the Pacific and Arctic Railway and Navigation Company, the Pacific Coast Coal Company and the Canadian Pacific Railway Company formed a combination to monopolize the transportation facilities at Skagway.

Lost His Hair, Beard and Mustache

Terrible Plight of a Pennsylvania Man Reported by a Prominent Citizen:

"About two years ago my hair, beard and mustache started to come out in spots. These spots were entirely bare of hair."

"Seeing PARISHAN SAGE advertised, I purchased four bottles, and after using two of the bottles the hair came in until now I have as good a head of hair as I had before this trouble started."

Please bear in mind that PARISHAN SAGE is not guaranteed to grow hair on bald heads.

In Mr. Galder's case the hair root was not dead, and there is no good reason why PARISHAN SAGE should not do just what he writes it did.

The next time Mr. Galder came into my store after purchasing the PARISHAN SAGE, I wrote the druggist who sold him, "his appearance was so changed I did not know him."

PARISHAN SAGE is without doubt the most efficient hair grower, beautifier and dandruff killer in the world, and people who are wasting time with ordinary commercial remedies should wake up.

PARISHAN SAGE will banish dandruff, stop falling hair and itching scalp; will put life, luster and beauty into faded hair, or money back. It is a most delightful and refreshing tonic for the hair and scalp. Large bottles, 50 cents; at James O'Donnell's and Henry Evans' and druggists the world over.
